# EXTREN TC<sup>®</sup> ROD AND BAR

**THERMAL CURE ROD AND BAR** is produced using all longitudinal reinforcements with low speed and high temperature, which provides a rich surface appearance. It has no surfacing veil, no pigment and is not fire retardant. On request, Strongwell can quote special formulations including resin type, fire retardant properties, etc. Because it maintains high electrical standards, thermal cure rod is most commonly specified for electrical applications. Normally stocked for prompt delivery. *Thermal cure rod and bar was not designed to be machined.*

# GENERAL INFORMATION

## EXTREN® SERIES 500

An all-purpose series utilizing a premium polyester resin system with a UV inhibitor.

**Color:** olive green

## EXTREN® SERIES 525

An all-purpose series utilizing a fire retardant premium polyester resin system with a UV inhibitor.

**Color:** slate gray (plus certain handrail and fixed ladder components in yellow)

## EXTREN® SERIES 625

A premium series — both fire retardant and highly corrosion resistant — utilizing a vinyl ester resin system with a UV inhibitor.

**Color:** beige

**Note 1:** Any Series 500, 525 and 625 EXTREN® product can be manufactured upon request to meet the mechanical and physical properties of BS EN 13706 (E23) European standards (minimum quantities may apply). All standard EXTREN® products meet and/or exceed the structural requirements of E17 European standards.

**Note 2:** All EXTREN® Series 500 products can be produced to meet NSF potable water standards. Minimum quantities may apply. Only products bearing the NSF logo are certified.

## STOCKED ITEMS

Carried in inventory, no minimum quantity required.

**LENGTHS CUT FROM STOCK:** Special lengths can be cut from stock shapes and rods. Plate can be cut to size desired from 1.22m x 2.44m stock. A fabrication cutting charge will be applied.

## NONSTOCKED ITEMS

Tooling available. Check for possible availability.

**SMALL QUANTITIES OF NONSTOCKED ITEMS:** These are occasionally available because of overruns. Purchaser having a requirement for small quantities of nonstocked items should inquire about current inventory status. Such items are subject to prior sale, so delivery cannot be guaranteed.

## MILL RUN

**SPECIAL MILL RUN VARIANCE:** The pultrusion process does not lend itself to producing exact quantities. Mill runs may vary 10% on small orders, and as much as 3-5% on large orders. If minimum quantities are required, orders should be placed considering these variances.

## MINIMUM ORDER VALUE

Minimum order value is \$250.

## COLORS

Special colors are available for shapes and plate. Extra cost will vary, depending on cost, amount of pigment required, and standards of acceptability. Minimum quantities may apply.

## SPECIAL RESINS AND FORMULAE

Special resins and resin mixes will be quoted specifically after resin mix has been tested for adaptability to the production process involved.

## PACKAGING

If other than standard packaging is required, contact Customer Service for additional costs.

## TERMS

All products are manufactured in accordance to tolerance properties as published in Strongwell's *Design Manual*. Strongwell's Standard Terms and Condition of Sale apply. F.O.B./Ex Works dispatch location.
