

Benefits of this System

- » Light Weight
- » Easy to Install without Specialized Labor or Tools/Equipment
- » Easy to Clean & Sanitize
- » Quickly Deployable
- » Modular/Portable
- » EMI/RFI Transparent
- » Rigid & Sturdy
- » Prefabricated

EXCLUSIVELY
 **MADE IN THE USA**

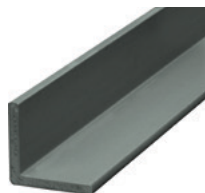

Materials Used

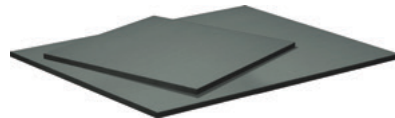

1" DURASHIELD HC®

1-1/2" EXTREN® channel

3" & 6" EXTREN® angle

1/4" EXTREN® plate

1/4" S.S. bolts and Tek screws

Prefabricated entirely using Strongwell's standard pultruded FRP products, including DURASHIELD HC® tongue-and-groove Structural Building Panels and EXTREN® Structural Shapes and Plate, these modular and portable hospital field units are an ideal solution for short- or long-term use. The system can be assembled using simple hardware for temporary use or bonded to construct permanent structures. With Strongwell FRP's superior corrosion resistance, the entire structure can be cleaned and sanitized using chemical or steam-based solutions. All components are 100% Made in the U.S.A. and available for quick shipment.
