

December 2, 2021

Mr. Bhyrav Mutnuri
Strongwell
400 Commonwealth Ave
Bristol, VA 24201-3820

Dear Bhyrav:

As of December 2, 2021, DrJ Engineering, LLC (DrJ) has completed TER 2009-02, which certifies that STRONGIRT® and STRONGIRT® ULTRA are compliant with the building codes referenced in Section 2 of the Technical Evaluation Report (TER). The scope of the certification covered is as listed in Section 3 of the TER, and the term of the certification expires at the end of the day noted on the TER as the "Subject to Renewal" date.

In order to maintain your certification, a copy of your quality control manual must be sent to DrJ if it is edited or updated. Likewise, any changes to the design, manufacturing process, ownership, or structure concerning code acceptance must be incorporated into your accepted documents and submitted to DrJ for review. Inspection reports must also be submitted to DrJ biannually, as outlined in the approved surveillance program.

Per ISO/IEC 17065, DrJ shall exercise the control as specified by the certification scheme over ownership, use, and display of licenses, certificates, marks of conformity, and any other mechanisms for indicating a product is certified. Learn more about approved use of DrJ's certification mark at drjcertification.org/technical-evaluation-reports.

An annual review is scheduled for Quarter 4 of 2022. The TER is posted on DrJ's website at <https://www.drjcertification.org/ter/2009-02>.

Sincerely,

Evie Reinke
